

Children's Cancer and Leukaemia Group Publications

WHAT IS AVAILABLE AND HOW TO ORDER

There is a great deal of information for all members of the family affected by childhood cancer. This leaflet provides details of some of the resources available and how to obtain them. These are produced by the Children's Cancer and Leukaemia Group (CCLG) which is a national, professional body responsible for the treatment and management of children with cancer in the UK. All publications listed are free to families and professionals in the UK.
